- edema of the vulva in, care of, (Hoehne), 448 (Abst.)
- effect of, on the emptying of the gall bladder, (Mann and Higgins), 888 (Abst.)
- effects of, on blood circulation in their relation to so-called toxemia, (Beker), 368
- extirpation of ovarian tumors during, (v. Varo), 432 (Abst.)
- heart disease and, (Oliver), 748 (Abst.)
- hookworm disease and, (King), 569, 715
- in uterus didelphys, a case of, (Mills and Strauss), 263
- inflammation of the adnexa during, (Heyer), 892 (Abst.)
- influence of, on pulmonary tuberculosis, (Jeannin), 752 (Abst.)
- labor and puerperium, acute appendicitis complicating, (Wilson), 890 (Abst.)
- fibroleiomyosarcoma complicating, a case of, (Longaker and Harriman), 149
- influence of, on acute appendicitis, (Portes and Seguy), 891 (Abst.)
- low arterial pressure in, the significance of, (Williams), 546, 725
- myomectomy during, (Vandescall), 892 (Abst.)
- normal, liver function tests in, a study of various, (Cross), 800
- ovarian, report of a case of, (Strauss), 781

Pregnancy—Cont'd

- postponed interruption of, fate of women after, (Goldschmidt), 752 (Abst.)
 - pulmonary tuberculosis and, (Bridgman), 752 (Abst.)
 - pyelitis in, contribution to the etiology of, (Hofbauer), 887 (Abst.)
 - pyelonephritides of, pathogenesis of the, (Levy-Solal, Misrahi, and Solomon), 867 (Abst.)
 - serologic determination of, researches with the Lüttge-v. Mertz alcohol substratum reaction and the interferometer method after P. Hirsch for the, and the determination of fetal sex, (Bleyer), 297 (Abst.)
 - severe epistaxis during, (Broich), 447 (Abst.)
 - status epilepticus and, (Waldstein), 755 (Abst.)
 - sudden death during, a case of, (Marsalek), 755 (Abst.)
 - surgical interventions during, (Brideau and Juge), 889 (Abst.)
 - the kidney of, (Hirst), 528, 707
 - toxemias of, the classification of the, (Williams), 38
 - theoretical consideration of the etiology of the, (Larsen), 374
 - uterine cancer during, microcephalic idiocy following radium therapy for, (Goldstein and Murphy), 189, 281
- Pregnant and puerperal women, active immunization of, with streptococcal toxins against streptococcal puerperal fever, (Lash), 639
- negro women, syphilis among, the incidence of, (Wilson), 215
 - women, blood-pressure readings in 1000, (Cornell), 42
 - normal, with normal and pathologic thyroid glands, basal metabolism studies in, (Plass and Yoakam), 556, 728
 - ovarian and anterior pituitary hormones in the urine of, on the occurrence of, (Mazer and Hoffman), 48
- Proliferative ovarian tumors, (Smith), 666
- Prophylactic thrombosis of varices, (Vogt), 156 (Abst.)
- Protein sensitiveness, transmission of, from mother to offspring, (Ratner, Jackson and Gruchl), 442 (Abst.)
- Pubocervical fascia, intraabdominal reefing of the, for the cure of cystocele, (Frank), 354

- Puerperal anuria, double renal decapsulation for, (Krellenstein), 277
- fever, streptococcal, active immunization of pregnant and puerperal women with streptococcal toxins against, (Lash), 639
- inversion of the uterus, acute, (Findley), 587, 699
 - classification for treatment, (Kellogg), 815
- morbidity in hospital practice, a statistical study of, (Tansinsin), 98
 - without disinfection of the vagina, (Gordon), 245, 293
- septicemia and other blood stream infections, metaphen in the treatment of, (Bernstine), 220
- state, myomectomy during the, (Placintianu), 892 (Abst.)
- typhoid fever during the, nine cases of, (Rhenter and Savoye), 445 (Abst.)
- Pseudomalignant inflammatory lesions, pathologic diagnosis of early cervical and corporeal cancer with special reference to the differentiation from, (Novak), 449, 734
- Pulmonary tuberculosis, influence of pregnancy on, (Jeannin), 752 (Abst.)
 - in pregnancy, etiology of, contributions to the, (Hofbauer), 887 (Abst.)
- Pyelonephritides of pregnancy, pathogenesis of the, (Levy-Solal, Misrahi and Solomon), 867

Q

- Quinine reaction following rectal analgesia, (Gustafson), 877

R

- Radiographic table, a new, (Stein and Arens), 130
- Radium or roentgen irradiation, pelvic outcome of 625 pregnancies in women subjected to, (Murphy), 179, 288
 - therapy for uterine cancer during pregnancy, microcephalic idiocy following, (Goldstein and Murphy), 189, 281
- Rectal analgesia, quinine reaction following, (Gustafson), 877
- Rectum, carcinoma of the, and pregnancy, (Katz and Kasper), 826 (Abst.)
- Renal decapsulation, double, for puerperal anuria, (Krellenstein), 277
- Roentgen-ray castration, temporary, in the treatment of subacute adnexal inflammation, (Polak), 580, 704

- Rubin test, new gas control valve for the, (Mombach), 421
- Rupture of the uterus, spontaneous, in a multipara, (Beck), 433
- Ruptured uterus following classical cesarean section, a case of, (Cornell), 274
- S
- Sampson's tumor of the endometrium, (Ries), 284
- Sciatic paralysis, maternal obstetrical, (Kleinberg), 698 (Abst.)
- Sclerosis, amyotrophic lateral, pregnancy complicated by, (Murphy), 845
- Selected Abstracts:
- miscellaneous, 178, 320, 392, 432, 545, 665, 688, 698, 772, 817, 826, 867
 - ovarian newgrowths, 157
 - pregnancy and disease, 442, 748, 887
 - sex of the fetus, 296
- Sex differentiation, chemical test of blood for, (Sharlit and Lorberblatt), 115 (Abst.)
- fetal, an intradermal reaction for the diagnosis of, (Patti), 298 (Abst.)
 - hormonal influence on, in animal experimentation, (Vogt), 298 (Abst.)
 - interferometric predetermination of, in 100 cases, (Dyroff), 298 (Abst.)
 - of children after single oophorectomy, (Harger), 799
 - of offspring, relation of the, to the time of coitus during the oestrous cycle, 297 (Abst.)
 - of the child, time of coitus and the, (Blumenfeld), 296 (Abst.)
 - of the fetus, 296 (Selected Abstracts)
 - ratio, in newly born infants, questions pertaining to the, (Wetterdal), 296 (Abst.)
- Society transactions:
- American Gynecological Society, 699
 - Brooklyn Gynecological Society, 152, 290
 - Chicago Gynecological Society, 283, 286
 - New York Obstetrical Society, 138, 140, 288, 433, 439, 879
 - Philadelphia Obstetrical Society, 144, 147, 279, 281, 882
- Sodium iso-amylethyl barbiturate (sodium amytal), use of, in obstetrics, (Robbins, McCallum, Mendenhall, and Zervas), 406
- Sperm morphology, relation of, to fertility by means of microdissection, the investigation of the, (Moench), 53
- Spinal anesthesia in obstetrics and gynecology, (Pitkin), 165, 280
- Status epilepticus and pregnancy, (Waldstein), 755 (Abst.)
- Sterility and lowered fertility, ovarian hypofunction, habitually delayed and scanty menstruation, in relation to, (Rubin), 603
- Sugar, blood, during eclampsia, fluctuations in, (Titus and Willetts), 27
- Suppurations on vulva and in vagina during pregnancy and labor, treatment of, (Balard), 448 (Abst.)
- Surgical interventions during pregnancy, (Brindeau and Juge), 889 (Abst.)
- Synergism of magnesium sulphate and morphine, (Gwathmey), 299
- Syphilis among pregnant negro women, the incidence of, (Wilson), 215
- in mother and child, latest knowledge and treatment of, (Phillip), 445 (Abst.)
 - transmission of, from father to fetus, has the impossibility of direct, been proved, (Almkvist), 445 (Abst.)
- Syphilitic fetuses, autopsies made on, a study of two hundred, (McCord), 597, 708
- T
- Terata katadidyma, report of a case of, (Updegraff), 265
- Tetanus, postoperative, two cases, (Kennedy), 140
- Thyroid glands, normal and pathologic, basal metabolism studies in normal pregnant women with, (Plass and Yoakam), 556, 728
- Torsion of the gravid uterus, (Keiffer), 817 (Abst.)
- Toxemia, effects of pregnancy on blood circulation in their relation to so-called, (Beker), 368
- Toxemias of pregnancy, etiology of the, theoretical consideration of the, (Larsen), 374
- the classification of the, (Williams), 38
- Trichomonas vaginalis, Donné, (Davis), 575, 716
- leucorrhea, with special reference to, (Davis), 196, 284
- Trowel vaginal retractor, (Rudolph), 128
- Tubal torsion, (Kanter), 283
- Tuberculosis, hereditary, (Mahon), 751 (Abst.)
- pulmonary, and pregnancy, (Bridgman), 752 (Abst.)
 - influence of pregnancy on, (Jeannin), 752 (Abst.)
- Tuberculous mother, newborn child of the, (Couvellaire), 753 (Abst.)
- Tumor, Krukenberg's, report of a case of, (Searight), 847
- ovarian, (Allen), 284
 - Sampson's, of the endometrium, (Ries), 284

- Tumors, Krukenberg, contribution on the histologic diagnosis of, (Tapie), 162 (Abst.)
 of the ovary, an analysis of 500, (Rohdenburg), 159 (Abst.)
 ovarian, bilaterality in, (Rosenstein), 161 (Abst.)
 during pregnancy, extirpation of, (v. Varo), 432 (Abst.)
 Typhoid fever during the puerperal state, nine cases of, (Rhenter and Savoye), 445 (Abst.)

U

- Ulcers of the vagina, simple round, (Fluhmann), 832
 Umbilical cord, spontaneous severance of, (Douglass), 275
 Undulant fever in pregnancy and abortion, the incidence of, (Cornell and DeYoung), 840
 Uterovaginal fistula secondary to a high forceps delivery, (Watkins), 361
 Urine of pregnant women, ovarian and anterior pituitary hormones in the, on the occurrence of, (Mazer and Hoffman), 48
 Uterine cancer during pregnancy, radium therapy for, microcephalic idiocy following, (Goldstein and Murphy), 189, 281
 cannula, a new gas-tight, oil-tight, and self-retaining, (Meaker), 261
 fibromyoma, adenomyositis and, etiology of, (Moench), 682
 rupture, case of simulated, in an aged patient, (Nicholson), 882
 Uterocystography, (Steinharter and Brown), 259
 Uterus bicornis unicollis, report of a case of, (Magid), 135
 cancer of the, pregnancy after, and in the presence of, (Karg), 894 (Abst.)
 didelphys, gravid, resulting in streptococci peritonitis, case of, (Epstein and Goldberg), 342
 pregnancy in, a case of, (Mills and Strauss), 263
 gravid, torsion of the, (Keiffer), 817 (Abst.)
 inversion of the, acute puerperal, (Findley), 587, 699
 prolapsed fibroid with partial, case of, complicating the puerperium, (Gemmell), 827
 malignant growths of the, in young girls, (Hirst), 104, 150
 puerperal inversion of the; classification for treatment, (Kellogg), 815
 rupture of, during labor after amputation of the cervix, (Meagher), 152

Uterus—Cont'd

- ruptured, following classical cesarean section, a case of, (Cornell), 274
 spontaneous rupture of, in a multipara, (Beck), 433
 Uvula, edema of the, immediately after labor, (Rosenloecher), 447 (Abst.)

V

- Vagina, absence of the, congenital, Baldwin reconstruction operation for, primary carcinoma of the vagina following, (Ritchie), 794
 artificial, formation of an, a note on, (Rushmore), 427
 disinfection of the, puerperal morbidity without, (Gordon), 245, 293
 fusiform bacilli and spirochetes in the, the occurrence of, associated with a foreign body, (Pilot), 824
 primary carcinoma of the, following a Baldwin reconstruction operation for congenital absence of the, (Ritchie), 794
 ulcers of the, simple round, (Fluhmann), 832
 Vaginal examination in the third stage of labor as a guide to its management, (Leff), 868
 retractor, trowel, (Rudolph), 128
 spreads, clinical use of, (Mayer), 347
 Vermiform appendix, obliteration of the, (Hellwig), 332
 Vesicovaginal fistula, suprapubic transvesical operation for, (Sears), 267
 Visual disturbances during pregnancy and labor, toxic and mechanical causes of, (Fraymann), 754 (Abst.)
 Vulva, cancer of the, leucoplakie vulvitis and, (Taussig), 472, 711
 edema of the, in pregnancy, care of, (Hoehne), 448 (Abst.)
 suppurations on, and in vagina during pregnancy and labor, treatment of, (Balard), 448 (Abst.)
 Vulvitis, leucoplakie, and cancer of the vulva, (Taussig), 472, 711
 Vulvovaginitis, mycotic, (Popoff, Ford and Cadmus), 315

W

- Weight loss of newborns, seasonal variation in the, (Bakwin and Bakwin), 863

X

- X-ray as an aid in the management of polyhydramnios, a case illustrating the value of the, (Beck), 257
